- IIRSM Approved Confined Space Entry
- IIRSM Approved Excavation and Trenching

General Occupational Safety and Health Accredited Programs

- IIRSM Approved Lockout/Tag out
- IIRSM Approved Work at Height
- IIRSM Approved Lifting and Rigging
- IIRSM Approved Confined Space Entry
- IIRSM Approved Excavation and Trenching
- NEBOSH International general certificate occupational safety & health (IGC)
- Associate Safety Professional (ASP) certificate preparation
- IOSH managing safely

Oil and Gas Industry Specific Accredited Training Programs

- NEBOSH international technical certificate oil & gas operational safety (IOG)
- IIRSM Approved Lockout/Tag out
- IIRSM Approved Work at Height
- IIRSM Approved Lifting and Rigging
- IIRSM Approved Confined Space Entry
- IIRSM Approved Excavation and Trenching
- IIRSM Approved H2S awareness train the trainer
- IADC H2S awareness and SCBA Donning and Doffing Train the Trainer

Incidents Investigations and Root Cause Analysis

- Incident investigation and Root Cause Analysis program
- TapRoot Root Cause Analysis
- TapRoot Advanced Root Cause Analysis Team Leader
- Advanced Causal Factor Development
- Effective Interviewing and Evidence Collection Course
- Risk Assessment and Management Best Practices
- Understanding and Stopping Human Error Course
- TapRoot Analyzing and Fixing Safety Culture Issues
- Advanced Trending Techniques Course

Environmental Management Accredited Training Programs

- NEBOSH Certificate in Environmental management
- Foundations in environmental management
- Environmental and social impact assessment (ESIA)
- Control of Air Emissions
- Control of contamination of water sources
- Waste Management and land use
- Handling of hazardous materials
- Planning for dealing with environmental emergencies

Process safety management accredited training programs

- NEBOSH HSE certificate in Process Safety Management
- HAZOP Team Leader training program
- Process Hazards Analysis
- Consequence Modeling
- Bowtie Barrier Based Risk Management
- Management of Change
- Contractor Management
- Pre-startup Safety Reviews
- Emergency Planning and Response

Occupational Health Accredited Training Programs

- IIRSM Approved Repetitive Strain Injuries Prevention and Office Ergonomics
- BOHS Certificate W501 Measurement of Hazardous Substances
- BOHS Certificate W502 Thermal Environment
- BOHS Certificate W503 Noise – Measurement and its Effects
- BOHS Certificate W505 Control of Hazardous Substances
- BOHS Certificate W506 Ergonomics Essentials (including Manual Handling and DSE)
- BOHS Certificate W507 Health Effects of Hazardous Substances

Professional Qualifications

- Board of Certified Safety Professional (CSP) preparation Course
- NEBOSH International Diploma in Environmental Management
- NEBOSH International Diploma in occupational safety and health

TODAY AND TOMORROW

In 2018, we were the first in Egypt to deliver the NEBOSH HSE Certificate in Process Safety Management, a qualification that specifically designed to address the specific needs of the industry and this year we bring ASP and CSP preparation courses and We are positive that our stream will flow like the river Nile, to lives, properties and, to create new opportunities.

We bring a wide range of internationally accredited programs covering occupational health, safety and environment that were never presented in Egypt under one umbrella.

Moreover, we bring a unique set of expertise gained through positive exposures and cooperation with leading international Oil & Gas companies including Shell, British Petroleum, Total, Chevron, and other MENA leader in upstream and downstream industries including KOC, KNPC, PDO, KPC, and that's what makes us different.
